Customer Service

Icon Image Centre's business hours are 08:00 to 18:00 (EST), Monday to Friday.

Customer service number: (02) 9437 0007

Customer service fax: (02) 9437 0008

To contact our professional Team via email: info@iconimagecentre.com.au for general information and enquiries

In order for us to provide you with prompt assistance, please have your work order number ready when enquiring about lab orders.

Internet

Icon Image Centre web site provides you with 24 hours access to a variety of information and services for your convenience.

Please visit our web site www.iconimagecentre.com.au to

- Search for products and services that we offer
- Email our staff for enquiries or additional information
- Transfer files via FTP
- Request for account opening for online ordering

In order to have access to FTP, we will need to set up an account for you. Please contact our customer service during business hours and we will assist you on how to get things started.

Service Timeframe

Standard Service

The following table is the approximate number of working days that we required to have your work order processed. Icon Image Centre will strive to follow closely to these guidelines, however they are not guaranteed. Working days exclude public holidays, Saturdays and Sundays. The service timeframe are based on normal production time and reasonable quantities. For special orders, please confirm with us for the service turn around time.

Product	Service Time
Film Scanning (Individual Scan)	3 days
Film Scanning (Long Roll Scan)	2 days
Digital Prints up to 12"x18"	1 day
Digital Prints from above 12" x 18"	2 days
Backlit Digital Display Prints	4 days
B&W Digital Printing	3 days
Digital Retouching	3-6 days

Rush Service

For service requiring faster turnaround time compared to the standard service time above, we reserved the rights to charge rush service fees.

Rush service are charged as follows:

Orders that required HALF the turn around time of the standard service time.	add 50%
Order that required LESS THAN HALF turn around time	add 100%

Pricing Policy

Icon Image Centre will make every effort to give advance notice of changes in prices or services. However, we reserve the right to change prices and specification without prior notice. All prices are inclusive of 10% Goods and Services Tax.

Copyright Policy

By submitting materials for reproduction at Icon Image Centre, the customer hereby warrants that they are the owner of the copyrights for any tangible or electronics media, image, data, file, film, print or any other materials being submitted for processing, printing, duplication, reproduction, enlargements.

In the event that the customer is not the owner of the copyright materials, they shall have the legal rights or authority to reproduce the materials and grants Icon Image Centre non-exclusive rights to reproduce the work. In addition, the customer shall agree to indemnify Icon Image Centre for any liability or claim that may result from the reproduction of the work. This includes any claims brought by any other person, claiming interest in the originals of the subject matters. If we have any reason to believe that an image or digital file is copyrighted, we will require use of a **Copyright Authorization Form** before we will continue with a work request.

Liability

Icon Image Centre will take every responsibility and precaution to ensure proper handling of any photographic materials that were submitted to us. By submitting to us any tangible or electronic media, image, files, film, print, slide or negative for the purpose of printing, processing, duplication, enlargement, the customer agrees that any loss or damage caused by negligence or other fault, Icon Image Centre will only be entitled to the replacement with an equivalent quantity/size of unexposed film or electronic media. Icon Image Centre is not responsible for the damage, loss or delay that occurs during transit by any shipment company, courier or postal service.

File Specification for Digital Prints

Image files submitted to Icon Image Centre for digital printing should be created under the following guidelines to ensure proper workflow and quality.

File Guidelines

Guidelines for Digital File to be created under the following:

- Adobe Photoshop 6.0 or above.
- At least 250 dpi for image. (400 dpi for files with fine text). Maximum output resolution is 400 dpi continuous tones (equivalent to 4000 dpi on halftone/inkjet). Please do not set your dpi more than 400 dpi.
- All file(s) should be flattened (no layers) and saved in either **TIFF** or **JPEG** Format. (extension **.tif** and **.jpg**)
- It is recommended to save JPG files at lossless or compression level of 10 or higher to minimize less image loss, only save to Format Option **-Baseline** ("**Standard**"). TIFF image should be saved without LZW compression.
- Colour mode in RGB only and 8 bit/channel.
- B&W image should also be in RGB colour mode (refer to B&W Conversion for tips).
- Please call us to enquiry if you need to submit format others that JPG and TIF.

Colour or Black & White, Whole Roll Not Cut Negative

Please refer to Colour Film Printing price list, use the normal price for the type of film you are supplying
e.g. 135mm 36 exposure film as 6x4" prints would be \$19.95

Colour or Black & White, Whole Roll Cut Negative

Please refer to Colour Film Printing price list, use the normal price for the type of film you are supplying plus \$5.00 set up fee e.g. 135mm 36 exposure film as 6x4" prints would be \$24.95

Digital Desk

Prints from Media Ready Files (CD, Floppy or Card)

Images are to be sized correctly and saved as Jpeg or Tiff @300 dpi.

Colourspace sRGB - Baseline optimised Jpegs - PC Tiffs.

No operator intervention, therefore sizing and file types are the client's responsibility

Redo's are at clients expense. Testing is recommended to colour match your monitor to our printer before placing a large order.

Image colour and density may vary between your monitor and final product.

Digital Manipulation

Minor Work (Requiring a few adjustments)	\$15.00 Up to 15 minutes
Medium Work (Requiring several adjustments)	\$30.00 - \$120.00 20 -60 Minutes
Major Work (Restoration type work.)	Quote

Digital Photo Work

Digital photo work requires various stages to complete. It is impossible to accurately quote for restoration jobs, but good estimations are available at time of submitting the work. Below are many digital work job types. The stages involved for each process are outlined. Each stage will carry a suitable charge according to difficulty.

Photo Restoration	Photo Manipulation	Photo Montage
(2 to 6 weeks)	(1 to 2 weeks)	(1 to 3 weeks)
Restoring and/or improving a photographic image to a former state. Job Assessment Remove print from frame (as necessary) Scan original photo/image Reframe original Improve colour and contrast of scan Sharpen Heal image - this is done by hand using a graphics tablet and suitable software Proof print to check tonality and colour Adjust final corrections Copy scan to disk Print final photo/image Burn Client CD	Improving an image by adding multiple images together, e.g. moving a persons facial features from 1 image to another. Job Assessment Scan original photo/image(s) Improve colour and contrast Sharpen Deep etch each part to be moved Add to main image, resize and colour correct as necessary Heal image - this is done by hand using a graphics tablet and suitable software Proof Make corrections Final scan to disk Print final photo/image	Merging of many images to make 1 complete composite. This job involves a lot of labour and scanning. Job Assessment Scan original photos/images Improve colour and contrast of each scanned image Sharpen Deep etch each part to be added to composite Add to main image, resize and colour correct as necessary Spot and scratch removal as necessary Proof Make corrections Final scan to disk Print final montage

The Ultra chrome 44" printer produces outstanding quality display prints onto various substrates.

Prices quoted are per square meter of material used, from print ready files.

Small prints may be more expensive due to wastage of roll paper.

Ancillary work to prepare files (e.g.scanning, tests, downloading, layout) is charged as extra.

Substrate	Weight	Attributes	Price per sq. metre Minimum Charges & Sizes apply
